

## Final Proposal for 2024 Senior Project

The final proposal is a formal statement of your goals for the project—how you are hoping to grow personally, what kinds of experience in the broader world of work you are hoping to acquire, and how you will contribute to your workplace and/or community.

Please type your responses here and submit this form to Google classroom. This proposal should represent your best written work—it will be shared with your project supervisor, as well as the Senior Project Committee. You should also make a copy and share it with your academic advisor.

Once this proposal is approved, we will share it and a [Senior Project Supervisor Agreement form](#) with your supervisor.

## Project Proposal

Please type your final project proposal below. It should be at least 1 full page, single-spaced. You should address the following:

- Why have you selected this project? What interests you about the profession, setting, and people in the project you have constructed?
- What exactly would you be doing in this project? What would a typical workday look like? Will you be involved in a variety of tasks?
- Who will you work with in this project? How many different people or constituencies?
- Does your supervisor have experience working with interns of high school age? What expectations do they have for interns in other programs or from past experience? If your supervisor and/or work site has not worked with interns before, what might be your role in facilitating this relationship?
- What do you expect to achieve and learn by the end of the project? How will this project develop your skills, both in workplace production and interpersonal relations?
- What potential challenges do you anticipate encountering over the course of this project?
- What training or preparation for your project will you undertake prior to the starting date? Consult with your supervisor about this.
