### Position Overview:

Park Camps is seeking a qualified, energetic, and compassionate candidate for a Specialty Camp Instructor for summer 2025. Park's Specialty Camps are designed to provide hands-on, minds-on experiences for 10-13 year olds. These camps are tailored to the age group that still enjoys the camp experience, but is looking for something different from a more traditional and/or generic camp program.

Specialty Camps marry teacher passions with camper interests, and Specialty Camp Instructors create projects and/or experiences within a theme/framework that is provided by Park Camps. Visit the [Specialty Camp webpage](#) to learn more about the program and view the specific offerings, which include descriptions of the camps listed below.
